26	Owensboro, KY-Sport Center		
27	Peoria, IL-Bradley U.		
28	Terre Haute, IN-IN State Col.		

K & R visited the White House for a second time and this time met President Nixon. They said he is a very gracious host & extended them a very warm welcome. He presented Richard with a set of cuff links & some golf balls, all bearing the Presidential Seal. Karen received a beautiful gold compact, also bearing the seal.

In answer to your questions concerning Karen's romantic difficulties, let me assure you, she has none. She is not romantically involved with anyone & doesn't even have time to date!

Also the rumor which place her & Richard in or near the Safeway on LaBrea Ave. in Hollywood, is NOT true. They've never been in or near the Safeway nor do they walk the streets of Hollywood or any town. So much for bad rumors!

"Bear" experienced a bad accident which could have taken his life or left him blind & it happened right outside his home. K, R, & Bear had stopped for gas on the way to his home & had been given two large bottles of Pepsi Cola as a "bonus" for getting a fill-up. At home, when Bear attempted to take the Pepsis out of the car, one of the bottles exploded the second he put his hand on it. His face was badly cut and a frantic trip to the hospital resulted in 7 stitches near his mouth, 3 above his eye & 3 on his stomach. Painful as it was, Bear was thankful that the glass hadn't penetrated his eye or his brain.

We've had hundred of requests for another question & answer session, so here it goes:

Q: Has Richard ever thought of doing a solo piano album?

A: Yes, he is considering it.

Q: Can I buy extra jacket covers of the albums?

A: Not to our knowledge.

Q: How long has Richard been writing songs with John Bettis.

A: They got together at Long Beach State College when they were students there.

Q: Are there any Fan Club Members from foreign countries?

A: Yes, from Japan, England, Hong Kong, Africa, Phillipines, Peru, Finland, Canada, Mexico, Australia, The Canal Zone, & the Virgin Islands.

Q: Does Karen have her own car. If so, what kind?

A: Karen owns a '72 Mercedes.

If you don't find your favorite question in here it may already be in prior issues of Newsletter which are available for 5¢ per issue.

More next month,
